

EUROPEAN BEST PERFORMANCES NONSTADIA - ROAD RUN AND ROAD WALK 2021 compiled by Ivar Söderlind, Statistician Manager of EMA

Compiled 31 December 2021

I have worked with the European Records/Best Performances for more than 33 years (started in July 1988). Since June 2000, when I started the EVAA Web Site, I have also compiled and reported the European Masters Records and Best Performances Nonstadia on EVAA/EMA Web Site.

In 2012, we started the Data Base of the European Records/Best Performances in EVAA Website. I believe that the Data Base and the EMA Record Group with me, Giusy Lacava from Italy and Fernando Marquina from Spain is a step in the right direction in pace with times. I will also continue to publish my Record/Best lists with my comments on the Web Site.

In 2021 up to December 31 we have registered 7 new European Best Nonstadia (2 World Best)

In 2020 up to December 31 we have registered 4 new European Best (1 World Best).

In 2019 up to December 31 we have registered 9 new European Best (2 World Best).

In 2018 up to December 31 we registered 5 new European Best (2 world Best). In 2017 we registered 4 new European Best (1 world best). This can be compared with 2016 when we registered 2 European Best (2 World Best), with 2015 when we totally noted 12 new or modified European Best Performance (6 World Best) and with 2014 when we noted 6 new or modified European Best (2 World Best).

We have 4 more results (a) which shall be ratified as European Record when/if all record forms/documents are received and ratified by EMA.

IAAF has decided that Official Records shall be noted for Road Run and Road Walk. As it often is uncertain when and in which way official measurement of road distances is realized, especially in former Road Competitions, we continue with Best Performance in EMA and my European Best Lists. The problem of correct measurement is difficult especially in 10 km Road Run and in the Road Walk distances. We will discuss this matter in WMA and EMA. Some of the results for Road Walk in my earlier Record Lists were from Track Walk. The competitions in my list are 10 km run (road), Half Marathon, Marathon and Road Walk 10 km, 20 Km and 30 km (distances in European Championships). When two or more results are noted in one age group and event the first noted result is the official best performance.

We ask you to check the list given below and make it more complete. Please inform me as soon as possible (preferably by email ivarsoderlind@gmail.com) and also report all new Best Performances by EMA: s Record Application!!

Welcome to the official EMA Web Site: <http://www.european-masters-athletics.org/>

WB = World Best

*** = new Best Performance registered in 2021**

*** = new Best Performance registered in 2020**

a = not officially ratified Best Performance, some data is missing
b = the road distance is a point-to-point course
c = the road distance is downhill
d = wrong intermediate time
e = track walk not road walk
f = the runner has, according to the results list from the race, not performed this result
g = the road distance is not reliably measured

10 km road run
